MEMORANDUM FOR: Director, Photographic Intelligence Center

SUBJECT : Report of Extraordinary New Color Photographic Process

REFERENCE : Memorandum for SA/PD/DCI from Director, PIC, dated 22 August 1958 (HTA/OC-159-58)

I read the reference with great interest. Offhand, my reaction is (a) that we should try to find out more about the new process and (b) that I know of no better channel than through Mr. [REDACTED] I would leave the exact form of the approach to [REDACTED] to your judgment, but I am inclined to suggest that you encourage him to find out as much as he can and then for Mr. [REDACTED] or someone else to consult with him out West at the first convenient opportunity. I will be interested to be advised of anything more you learn.
